Welcome letter

Dear Friends and Colleagues,

the wish to have the Spring Meeting in presence has finally come true!

The date has changed, but not our feelings!
You will find:

A location, Naples, Italy, at the Hotel Royal Continental, to enjoy the wonderful views of the Parthenopean Gulf.

A Meeting, unique in its kind! For the first time ever, SIDO & AIDOR, ORTEC & AIOT, SUSO & ASIO will welcome you together, each with its own program planned in unison, responding to the needs of the respective members to offer the participants an unforgettable event.

A title, ORTHO YOUR MIND, to emphasize the importance of having everyone's mind oriented in the same direction, with the aim of reaching together limitless horizons, although different for the orthodontist, technician and trade union.

A theme, early treatment and long-term stability, to identify the most competitive clinical strategies for providing the best performance to all our younger patients.

A team of speakers, of national and international fame, to discuss issues such as the early treatment of a Class III malocclusion, the resolution of crowding in the mixed dentition, the management of impacted canines and dental agenesis.

A group of coordinators, to organize the sessions so that everyone can find the answers they are searching for and return home better oriented and with useful food for thought.

E-poster, to present clinical or scientific contributions related to these subjects and discuss them together.

Awards, to recognize and reward commitment and active participation through Posters and Champions Study Club.

President's Reception, for the joy of finally being together again. We have been apart too long, and it is time to embrace each other again.

Per aspera ad astra

DAVID DE FRANCO
